Gary R. Varner : Remembrances of the Dead - Graveyard Art Symbolism before purchasing it in order to gage whether or not it would be worth my time, and all praised Remembrances of the Dead - Graveyard Art Symbolism:

0 of 0 people found the following review helpful. Not very informativeBy Karen JonesThere is so much to be learned just by spending time in cemeteries. So much rich symbolism that this book fails to mention.I read it in less than twenty minutes and was very displeased. Not a worthwhile read or purchase.0 of 0 people found the following review helpful. Five StarsBy CandiVery helpful

Perhaps some of our most mysterious, impressive and artistic symbolism can be found in our cemeteries. Ancient pagan, classical Greek and Roman, and the eternal symbols of hope, love and despair appear in many of our older places of rest. This book looks at the art, history and meaning of pre-twentieth century grave markers and tombs in the United States, from Nova Scotia and Maine to South Carolina and California. Illustrated with over seventy photographs.
