The information is very thorough and easy to understand. Great templates are included on a CD. I couldn't find one piece of information that was not included in the book about renting a vacation property either full time or part time.

Run a successful business renting your cottage or vacation home
A complete guide to making your cottage work for you
Renting Your Recreational Property for Profit is the definitive guide to the cottage rental business. It contains everything the cottage owner needs to know to rent a cottage professionally and profitably. The information, tips, and anecdotes in this book come from the authors own experiences, as well as valuable contributions from recreational-home owners and renters alike, who between them have racked up years of rental know-how. Many people begin renting out their recreational property without first researching the business. This book provides the background knowledge and additional tips they will need to make it a success. Highlights of the included CD-ROM: Dynamic rental calculator Rental agreement Emergency preparedness worksheet Changeover checklist Guest guide template Annual cash flow template and much more!
