Michael A Joyce, HBI : Residential Construction Academy Plumbing Video Set (Residential Construction Academy Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Residential Construction Academy Plumbing Video Set (Residential Construction Academy Series):

Based on national skill standards and developed as an integrated part of the Residential Construction Academy: Plumbing package, this series introduces the basics of residential plumbing through a step-by-step approach that shows viewers what to expect when they perform a procedure. Content surveys everything from flaring and soldering techniques and roughing-in to the installation of such plumbing facilities as toilets, faucets, and tubs. Tools and materials are introduced, and a consistent emphasis on safety draws attention to important considerations for working on the job. This series is available either in a set of four 20-minute videos or in the form of one CD-ROM course.

About the Author Michael A. Joyce is a Class 1 licensed plumbing contractor in North Carolina with thirty three years of plumbing experience in commercial, industrial, and residential installations and repairs. He has authored several

plumbing books and teaches a variety of plumbing seminars and classes throughout the country, including classes for the United States Pentagon, New York City hospitals and Plumbing-Heating-Cooling Contractors Association (PHCC) of NC. Currently the President of Joyce Company, Inc., Mr. Joyce is also the owner of the Plumbing Education Station at www.plumbingpro.org.
