Homer E. Salley, Harold E. Greer : Rhododendron Hybrids, 2nd Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Rhododendron Hybrids, 2nd Edition:

Based on the journals maintained at Greer Gardens, this pedigree book of some 5000 hybrids is organized by grex so that hybrids of the same parents are listed together, with cross-references from the hybrid name. The photographs are all different from those in the first edition.
