Putting a plant in the right location and soil will ensure it has the best possible chance. This book explains simply how to match plants to the conditions in your garden, whether it is moist, shady, dry or sunny. Includes a quick reference chart of the most popular garden plants and their individual requirements.

About the Author Jackie Matthews has contributed to a wide variety of gardening books, including *Looking At Plants* (Nelson Thornes) and *The Handbook of Gardening* (Lorenz Books).
