**John Cretti : Rocky Mountain Gardener's Guide (Gardener's Guides)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rocky Mountain Gardener's Guide (Gardener's Guides):

Gardening is now the favorite leisure pastime in America. Homeowners are realizing the health benefits derived from gardening and the increase in their home's property value. This book contains easy-to-use advice on the top landscape plant choices. It also recommends specific varieties, and provides advice on how to plant, how to grow and how to

care for the best plants.
