I has to cut, paste and cover the signature so the book wouldn't show the signature when it was opened. Need to check the products better before being mailed.0 of 0 people found the following review helpful. Lovely but briefBy Mark MBeautiful pictures and enjoyable just wish it wasn't so small.1 of 1 people found the following review helpful. The bestBy Chuck St. LouisKinkade as always is the best modern day painter. Most anyone can look at his work and they know the painter. He took painting to a new level. Depression, alcohol, and a divorce caught up to him. I wonder if some of his early work with the initials of his wife and children are worth more money?

This inspiring collection of paintings by Thomas Kinkade captures the spirit of romance. Twenty images evoke peaceful reflections of weekends in the country or cozy evenings at home. Choice literary quotations enhance the visual scenes.
