Love it...By Robert S.D.If you get your inspiration from visual representation, then this book is for you.A picture is worth a thousand words, and this book provides wonderful pictures (several hundred) of all types of small building, sheds, etc..Both interiors and exteriors.Face it, sheds are simple construction items, so the help is needed in the details and this book is amazing.10 Stars....4 of 4 people found the following review helpful. Better than expectedBy Sharlene McCaslinI was concerned about spending so much money for just one book, but it has lived up to the recommendations of other readers. I love sheds! And I love *Shed Chic*. The book covers lots of different outdoor buildings, not just shabby chic sheds. I was not looking for a how to book, but for inspiration. This book is loaded with ideas that will make my shed special as well as many ideas that could be used for my small house. Two thumbs up!4 of 4 people found the following review helpful. Great idea bookBy G. GreenThe book "*Shedworking*" is primarily about garden offices. In addition to garden offices, this book is full of great ideas for all of the other uses of garden buildings, from private spas and quiet backyard living rooms to potting sheds. It is also a great book for design ideas no matter what the intended use of the garden building.

The whimsical. Like a treehouse, everyone is enchanted by the idea of having a garden shedones very own private retreat. Whether a room of ones own for quiet, much needed "personal" time away from the family, a hobbyists den, or

an extra play space for the children, these picturesque structures can accommodate any purpose. The shed that charming cottage-like outbuilding is coming into its own, and this detailed and wonderfully illustrated guide will inspire anyone interested in adding a shed to their home or redecorating an existing one with its vast array of design ideas. Whether you want a personal getaway, a studio for creative endeavors, a home office, or a traditional potting shed, this book is sure to inspire with details about planning, building, and decorating sheds. Included are a series of sample cases highlighting the multiple uses possible along with wonderful interior and exterior photographs.

"A must read - there are loads of beautiful images and wonderful ideas and tips that will inspire you!"

~BelleMaison.com As a home office, guest quarters, or a grown-up tree house, a shed can provide much more than tool storage. This new book offers plenty of inspiration if you're thinking of adding to, or reinventing, your property. ~Martha Stewart Living
