By Customer Honestly, I think it was a little overpriced, but other than that...1 of 1 people found the following review helpful. Good book for getting information By Scott I bought this book for ideas and tips. It is a handy book that I used several times for information in helping decide how I want my shed to look. Getting a kit from the local supply yard would be quick and easy but also plain and boring. This provides an option to get away from plain and boring 0 of 0 people found the following review helpful. Five Stars By Customer great pictures
