**Jonathan armstrong : Shield your home: Understanding the need of security of your home** before purchasing it in order to gage whether or not it would be worth my time, and all praised Shield your home: Understanding the need of security of your home:

Only use a system that has come from a source that you trust, or from a manufacturer who is well known to you. Also, place signs around your home to show that you have a security system in place, and this can often deter a burglar very

quickly from trying to break in to your home.... read more
