Page One Publishing : Showflat Design Express Modern Vogue before purchasing it in order to gauge whether or not it would be worth my time, and all praised Showflat Design Express Modern Vogue:

As economy changes, city dwellers want more for what they spend on. Value added designs, fixtures and lightings are in demand and designers and architects need to evolve and produce in accordance with what the market demand for. Sizes of flats are also different today as compared to a decade ago and hence the design elements needed to make it impressive also vary. In this collection, over 400 acclaimed works of contemporary interior designers are featured which serve as inspirations for designers and homeowners.
