1 of 1 people found the following review helpful. Nice BookBy RebI bought this to get additional ideas for my yard. It serves it purpose, but I would have liked even more ideas as opposed to plant information.0 of 0 people found the following review helpful. Must Buy Guide for Facts on Lawn CareBy Ria WallaceThis is an informative book. It provides step by step how to's for laying seed, maintaining lawns, controlling pests, as well as decorative grass flower suggestions. This is not an inspirational landscaping book, rather a must have guide for a great lawn.

Using a combination of easily accessible information and inspiring photographs, the Simple Steps series promotes gardening as a real pleasure rather than a back-breaking chore. In Lawns and Groundcover, you'll find a one-stop

guide to creating and maintaining beautiful lawns, meadows, or beds of groundcover.
