Practical, great photos, fun. I made this purchase for my daughter because I already had one and wanted to share the wealth! 0 of 0 people found the following review helpful. Five Stars By liadmshields perfect 0 of 0 people found the following review helpful. Not Just for Small Gardens By Michaeline I have a 3,000 square foot garden. I purchased this book for its many photographs of the steps in planting, growing, and harvesting plants. DK Publishers never dissappoint in their publications.

Aimed at both urban and suburban gardeners with small plots, who want to be part of the grow-your-own phenomenon, Small Plot, Big Harvest celebrates what the vast majority of people have a little bit of patio or garden that is precious to them. With at-a-glance crop planners, step-by-step gardening techniques such as preparing soil, sowing, planting, watering, feeding, and growing under cover and instructions and charts showing when to sow and

when to harvest, Small Plot, Big Harvest brings foolproof vegetable growing for gardeners with little space.
