Beautiful pictures!6 of 6 people found the following review helpful. Small SPace LivingBy Christine H. AbdelnourThis is a very practical resource for anyone who lives in a small home. It is packed with products, model numbers and contact information about how to get the equipment and furnishings that make a huge difference to people living in challenging small spaces! A good looking useful book.1 of 1 people found the following review helpful. ideas in maximizing spaceBy M. KlettSome good ideas.

325 beautiful color photos celebrate the dignity of living in small houses. Read the history of small homes, scrutinize why small homes are popular, and identify the people attracted to small living spaces. Explore the concept of dual-use

space, as well as flexible and built-in furnishings. Chapters are devoted to the living room, dining room, kitchen, bedroom, and bathroom. Furniture, appliances, outdoor furnishings, sliding doors, and tiny buildings in kits are among the products explored here. A carefully constructed directory lists resources. Packed with useful design ideas and creative products that coax the most from small living environments, this book is a must for all who seek practical ideas.

About the AuthorChristine Brun has been writing about small living spaces for the past nine years in a weekly newspaper column. She and her family live in San Diego, California.
