23 of 23 people found the following review helpful. The BasicsBy P. GrauThis paperback gives you the basics, step by step, for constructing a water feature. It doesn't overwhelm you with projects that you can't possibly complete. Good entry level book.6 of 6 people found the following review helpful. Pond installationBy CustomerThis is a very helpful book when it comes to building a new pond. I found a lot of helpful information on constructing the walls, placing the pump and landscaping the pond.0 of 1 people found the following review helpful. pond bookBy PlatymomIt wasn't as

detailed as I had hoped - reminded me of one of H.Depot's instructional books that are a waste of \$. The pictures are confusing, only sketches and the read is boring. The pond section doesn't really offer realistic photos that I can apply at home. I've downloaded easier how-to videos.

Smart Guide: Ponds Fountains leads readers through each step of selecting, designing, installing, and maintaining a pond or fountain. All the essential information a homeowner needs to successfully handle each task is packed into this concise construction manual. Detailed drawings clearly illustrate the step-by-step instructions, which are written with the do-it-yourselfer in mind. With the help of this Smart Guide, readers can add value to their homes while enjoying the greatest possible savings in time, effort, and money.

"The Smart Guide series of books by Creative Homeowner are step-by-step projects that are easy to understand, completely illustrated, and provide handy guides to the tools you'll need and HOW to use them, if you've never tried before."-Bill Ervolino, Sunday RecordHackensack, NJDecember 15, 2002
