Editors of Creative Homeowner : So Simple Upholstery before purchasing it in order to gauge whether or not it would be worth my time, and all praised So Simple Upholstery:

0 of 0 people found the following review helpful. Exactly What I Need! By J. H. WALLIS I want to recover a couple of chairs. I had a basic upholstery class many many years ago where I recovered a chair but I really couldn't remember any details on how to do so. This book has all the information I need - tools supplies, furniture anatomy, techniques and clear photographic and written instructions. It seems a better instructional tool than the Sunset publication I have. I would recommend this to anyone wanting to learn and do simple upholstery jobs. Specifically, the book covers these projects: armless dining chair, dining chair with drop seat, sofa with serpentine arms bolster cushions, barrel chair with split arms, wing chair with piping, round-shouldered t-cushion club chair, tub chair with tufted back and loose-cushion sofa with a box pleat skirt. I feel armed and ready for my two re-upholstery projects. This book is well worth the money. 0 of 0 people found the following review helpful. Five Stars By Becki316 Love the upholstery book. Full of

simple information.0 of 0 people found the following review helpful. Simple very SimpleBy ColorOrangeI had no idea what I was doing until I found tips in this book to recover a wingback. Very informative.

Revive tired, worn, and threadbare furniture with these easy-to-follow lessons in upholstery. So Simple Upholstery offers clear, detailed advice and specially commissioned step-by-step photography that makes this subject accessible for even the newcomer. The book includes an introduction outlining the tools that readers need and explains how to successfully remove old material. From there, projects begin, ranging from a simple music stool to an elegant chaise lounge. Topics cover handling the practicalities of repairing innards, calculating new yardage, cutting pieces to fit properly, and achieving smooth coverage. The emphasis in this book is on practical household furniture - chairs, stools, sofas - as these pieces are used on a day-to-day basis. So Simple Upholstery encourages the reader to use the best materials and the most reliable techniques, so that furniture can enjoy a full and serviceable life!
