This book is about one woman's vision and commitment to learning to live sustainably and in harmony with life on Earth. Since 1976 Anna Edey has made one astonishing discovery after another, developing methods of sustainable living under the name Solviva Solar-Dynamic, Bio-Benign Design. The results of her experiments and methods have again and again exceeded highest hopes and expectations. Solviva describes the exciting trials and triumphs of her journey and offers convincing proof that we can, with today's technology and knowledge, live in ways that reduce pollution and depletion of resources by 80 percent or more, and at the same time reduce the cost of living and improve the quality of life in urban and rural locations. Solviva contains 155 color illustrations and detailed instructions and

recommendations to help others along their own journeys toward living sustainably.
