Barbara Pleasant : Southern Garden Advisor before purchasing it in order to gage whether or not it would be worth my time, and all praised Southern Garden Advisor:

0 of 0 people found the following review helpful. Five Stars By Frank B. Vinson excellent product and service 2 of 2 people found the following review helpful. The Southern Garden Advisor By Susan Cooley Having Barbara Pleasant's book in hand is like having a good neighbor who shares her experience like plants from a well-tended garden. Such experience and generosity translate into a book packed with useful science, interesting and humorous history, as well

as a wonderfully common-sense approach to gardening. Her month-by-month guide reminds us of not only what it's time to do but the pleasures, joys and mysteries that we enjoy when growing things - indoors and out - are part of our lives. It's hard to capture that wonder, but she seems to have done it. 1 of 1 people found the following review helpful. a pleasant conversation with a gardening friend By Lazy Day Gardener Pleasant's book is a genial stroll through the gardening year. She has an easy natural style and interesting information to impart. This book is more in the nature of a friendly gardening conversation between friends than a how-to book, but the information provided is correct and well selected. I'm off to look for other Pleasant books...

A creative, easy-to-use handbook for the dedicated Southern gardener, the Southern Garden Advisor delivers timely tips, practical advice, and detailed instructions on how to make your Southern garden and lawn the envy of all your friends. This sourcebook is organized by season?the essential gardener's almanac for Southerners. Topics include: Seasonal plant care advice for all aspects of the Southern garden, including trees, shrubs, flowers, vegetables, herbs, fruits, lawns, ground covers, and shrubs. Specific instructions on how to grow, prune, and care for a wide variety of plants. Helpful sidebars packed with fascinating facts, including: Wonderful Words-essential garden vocabulary Great Gadgets-for instance, "ten things to do with a plastic milk jug" Nature Unlimited-tips on how gardeners can help the environment Written by Barbara Pleasant, a seasoned Southern gardener with more than 500,000 gardening books in print, the Southern Garden Advisor is a must-have resource!

About the Author Barbara Pleasant has written five books for Storey, including the Garden Writer's Association 2003 Garden Globe Award of Achievement winner, "Garden Stone". She lives in Virginia.
