Lynn Monday : Southern Mountain Living before purchasing it in order to gage whether or not it would be worth my time, and all praised Southern Mountain Living:

Southern Mountain Living might conjure up images of dirt floors, outhouses and chickens in the yard, but Lynn Monday shows you how elegant and sumptuous living in the Highlands/Cashiers areas of North Carolina can be. This area has long been the vacation escape destination of the well-to-do from all over the South, and they live just as well in the mountains as they do at home. As much as I loved the houses in this book, I'm amazed at the amount of money people devote to decorating houses they don't live in full time. However, Lynn credited the late Charles Faudree for being her inspiration to do a book, so she had me at French Country.2 of 2 people found the following review helpful. Absolutely extraordinary - so so beyond expectationsBy Docia RoseSouthern Mountain Living is a wonderful book. Great photography. EXACTLY what I'd hoped it to be. Stunning rooms full of great art,

beautiful lamps, wonderful fabrics - great furniture, superb accessories - everything one would want to inspire one's one decorating. I'm so glad I bought this. I will look to see what else this author has prepared - clearly she's someone with very refined taste! Thanks, Lynn Monday!

Lynn Monday, IIDA , became fascinated with design in childhood, designing manor houses for dolls. Her education in Fine Arts at Virginia Intermont College, subsequent marriage to Wayne Monday and a move to Europe were all valuable in expanding her views of cultures and different design styles as well. In Europe, exploring castles and country estates became both a pastime and a passion, ultimately giving Lynn's design aesthetic a warm grandeur. Later experiences as a display and fashion director for department stores, working for clients from New York to Florida, further enriched her design style. Today her interior design work blends the edgy with the mellow and the new with the well worn, keeping the palette of each room fresh and surprising with brushstrokes of fine art, old rugs and antique furniture. A designer for more than thirty years, Lynn Monday currently owns a design firm and store specializing in home decor and gifts, Monday's House of Design, in Cashiers, North Carolina. Many of the homes in the Southern mountains have been passed down from generation to generation as summer retreats. These family homes have historical character and their own sense of heritage to consider as each generation updates the interior dcor. I believe European country manors have lasting style and a timeless lodge look thats right at home in the mountains of North Carolina. I place contemporary elements in a well-worn room or antiques in a sleek setting, always mindful of balance, color, texture, and shape.
