From Brand: Rockport Publishers : Southern Rooms: Interior Design from Miami to Houston before purchasing it in order to gauge whether or not it would be worth my time, and all praised Southern Rooms: Interior Design from Miami to Houston:

2 of 2 people found the following review helpful. good book By schmyph This was well worth finding this book. Unique ideas, great copy and photos. Although the design concepts shown can be used everywhere. 7 of 8 people found the following review helpful. A Picture is Worth a Thousand Words. By Janet Lewis I have just purchased a lot at a new beach development called Watercolor right next to Seaside, FL and am in the process of learning about the styles of decorating that I like. I saw a copy of this book at the sales center today and thought, wow, this will be a great guide for me. Some decorating books seem kind of over-the-top, but this one is beautiful and some of the looks seem attainable after studying them. I plan to have my own copy soon! 3 of 3 people found the following review helpful. A Design Necessity By A Customer I love this book. I've had it for over a year now and it's one of my most used design books for inspiration. It's always on my nightstand.

Southern Rooms celebrates innovative and imaginative interiors from a diverse landscape known as the American South. A respect for tradition combined with a personal sense of style reigns supreme throughout the South, as revealed in this volume of portfolios from top Southern interior designers.--Presents more than 30 interior designers based in and primarily working in the South, from Virginia to Florida to Texas.-Each of the featured interior designers share ideas, philosophies, and backgrounds, and present a visual sampling of work.-The extraordinary projects presented are among the most engaging, sophisticated, livable, and enduring you will find anywhere in the country.

Excerpt. Reprinted by permission. All rights reserved.The Coastal South - the sinuous coastline that wraps its way around the peninsula of Florida - has a swagger all its own. In contrast to the formality of the Old South emerges from a profound sense of its place in history. Florida is home to the oldest European settlement in the United States. Founded in 1565 by the Spanish, St. Augustine preceded Virginia's Jamestown by 42 years. The swashbuckling romance of Florida's early history also gives it a unique position in the annals of American history - just twenty years after Christopher Columbus' first voyage to America, an expedition was already underway to seek a foundation of youth rumored to exist in this new land. We all know that no one ever located the fountain, but it is probably not a coincidence that many thousands of senior citizens have moved to Miami, where sunny days, cool nights, and a shooting ocean breeze is the next best thing.
