**Carles Broto : Spaces For Children** before purchasing it in order to gage whether or not it would be worth my time, and all praised Spaces For Children:

0 of 0 people found the following review helpful. Four StarsBy Taesoo YeunSoso

The wide range of projects presented in this volume constitutes a comprehensive study of the latest trends in the architecture and design of children's spaces. Each project presents an innovative use of materials, color, lighting and texture to form a space that is stimulating, educational and safe for young people. Both established architecture firms and rising stars have contributed to this stellar collection of the best in child-friendly design.

About the AuthorCarles Broto, has over 20 years experience in the publishing industry, specializing in architecture and design. His considerable expertise has led to his works becoming a reference for professionals and students alike. He is currently leading the development of the ARCHITECTURE ONLINE LIBRARY, a trail-blazing online architectural publication collective. He lives and works in Barcelona.
