1 of 1 people found the following review helpful. interesting storiesBy PeteBThe real part of any training is hearing the stories. That's where all the things you learned in training come together. It's the same way with a culture. You don't know a culture till you know the stories. This has Bushmen, really !Kung stories. They have a different world view than we do. Reading stories like this is mind-expanding.0 of 0 people found the following review helpful. Five StarsBy E. V.
