Inc. BarCharts : Stain Removal (Quickstudy: Home) before purchasing it in order to gage whether or not it would be worth my time, and all praised Stain Removal (Quickstudy: Home):

0 of 0 people found the following review helpful. Great money saver By B. Coleman If you are like me this chart will pay for itself in no time. It has already saved me money from a stain on a favorite top I spilled a drink on. Very easy to read and has a removal for most common stains. 0 of 0 people found the following review helpful. Perfect! By Annie Gardner This is such a handy thing to keep in the laundry room! 2 of 2 people found the following review helpful. Fantastic reference guide for stains By OlyNomad This is a great reference to keep in the laundry room or around the house. It covers just about every stain you can think of and how to remove it. It includes lots of general tips too. Great bargain considering the volume of information you get and how much space it saves (instead of cleaning books).

Clean just about anything using this handy spillproof tool. Packed with safe tips, using regular household items.
