**Better Homes and Gardens Books : Step-by-Step Masonry Concrete (Better Homes Gardens: Step by Step)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Step-by-Step Masonry Concrete (Better Homes Gardens: Step by Step):

0 of 0 people found the following review helpful. Very helpfulBy Sheryl L. BurlusonMy husband wants to build a circular drive, and though he has some concrete experience, felt he needed a bit of guidance. I found this book in the local library, and he asked if we could buy it so he'd have one to refer to. Count on to have it!Good ideas for outdoor projects such as patios, driveways, sidewalks, etc. Good instructions and pictures and diagrams.0 of 0 people found the following review helpful. headlineBy rejane khawamExcellent!Very informativeThe lead time is short and book arrived on timewould recommend to everyoneitem is well priced0 of 0 people found the following review helpful.

satisfiedBy BPDBought the book to guide me through the many projects required with a new home. Satisfied with this item, buy.

Covers all the basic concrete and masonry projects and techniques for home improvement. The 40 projects range from building a brick patio to flagstone retaining walls to concrete sidewalks.Includes the time, skills, and tools required for each project so readers can quickly assess the scope of each project.Full-color illustrations and step-by-step format make the instructions easy to follow.Highlights experts' insights, safety issues, materials buying tips, and hints about using tools.
