Shepherd Ogden : Step by Step Organic Vegetable Gardening before purchasing it in order to gage whether or not it would be worth my time, and all praised Step by Step Organic Vegetable Gardening:

0 of 0 people found the following review helpful. my favorite garden book of all time which is why I ...By Customermy favorite garden book of all time which is why I bounght multiple copies, so I can give it to friends and family (and not lose my copy)1 of 2 people found the following review helpful. This classic belongs on every gardener's shelfBy Coco GirlThere are few gardening books that are as practical and well written as this classic. We have grown wonderful flower and vegetable gardens without any dangerous pesticides or "fertilizers". The book inspired us to start composting, which we are still doing 12 years later. Everything is easy once you have the right info.We love this book!
