Joan Clifton : Stone, Wood, Glass and Steel before purchasing it in order to gauge whether or not it would be worth my time, and all praised Stone, Wood, Glass and Steel:

0 of 0 people found the following review helpful. one of a kind By E. Remya very original book with loads of very nice pictures. I have never seen another book about the same topic and the design ideas here are great. For those who like art and materials in their gardens

Written by one of the gardening world's most innovative designers, this book is an essential guide to modern landscaping,
