Really enjoyedBy Ap1003I fell in love with this book since my family also comes from this little town in Italy. I spent two summers there when I was 15 and again at 17. I could picture everything perfectly! Makes me want to buy a plane ticket right now!

Escape to Italy with this heartwarming memoir Every summer Maria and her husband, Bob, went to their little house in the Italian village of Supino, and every year it was a new adventure. Only in Supino would you find a pizzeria in a sheep pasture, a seafood restaurant hidden in the woods, or an electrical cord draped from one balcony to the next so neighbours could share power. In Supino, they celebrate the first figs of the season; host watermelon, azalea, and artichoke festivals; and take pleasure in the magical view of the stars in the summer sky. Written with humour and heart, *Summers in Supino* is Maria Coletta McLeans memoir of these summers with Bob, as she becomes accustomed to the town her father grew up in and the peculiarities of the people who live there. Cousin Guido argues with their neighbour over who can plant a grapevine and therefore reap the harvest. Villagers debate whether one neighbour can trade the installation of some terra cotta tiles and the use of a pizza oven (he has yet to build) for the land beneath Bob and Marias patio. And as Maria comes to understand her connection to this wonderful place, Bob proposes they open a coffee bar on the piazza. Full of wonderfully vivid stories of Italy, *Summers in Supino* also explores loss, grief, and the restorative power of community.
