J. B. Wood : Survival Gunsmithing before purchasing it in order to gage whether or not it would be worth my time, and all praised Survival Gunsmithing:

0 of 0 people found the following review helpful. Needs updatingBy Kindle CustomerIt covers common faults in some common guns back in the 80 and 90 and how to put together a decent enough repair kit.But times have moved on and there are many different guns out there now that should be included.Also a few "down and dirty" tricks should be included on things like how to make parts if need be improvised repairs and such.
