Katrin Cargill : Swedish Style: Creating the Look before purchasing it in order to gage whether or not it would be worth my time, and all praised Swedish Style: Creating the Look:

1 of 1 people found the following review helpful. Great photos of interiors and specific chapters devoted to aspects ...By Sandra LindbergGreat photos of interiors and specific chapters devoted to aspects such as paint and textiles make this a highly useful book. Also included are instructions for simple projects. A fun book.3 of 3 people found the following review helpful. Wonderful cross between classic and now - uncluttered and understatedBy noanieWonderful cross between classic and now - uncluttered and understated. Makes me want to curl up and read in one of the living rooms or bedrooms featured. Not just a "pretty" book, but a little historic and cultural as well. Its my new coffee table book; gorgeous inside and out!!!!3 of 3 people found the following review helpful. I adore this bookBy Elizabeth O.This book is so useful. The photographs are beautiful, and the text is wonderfully written. With a lot of decorating books, I get the sense that the books are put together very quickly in order to get them out to sale. But with this book, I get the sense that both the author and the photographer put a lot of time and effort into creating the book. It is very thoughtful, and useful, as we can apply many of the ideas to our own decorating styles. I am planning to do some of the projects that they describe. So thank you Katrin Cargill and Christopher Drake, you've done a wonderful job!

With its emphasis on light-infused interiors and fresh painted surfaces, Swedish interior design is easy to live with, traditional and yet contemporary in its appeal. Katrin Cargill distils the chief characteristics of a look that embraces the

cool colors and modest proportions of Gustavian interiors and the unpretentious charm of country nostalgia. Five practical chapters The Essence of Swedish Style, Color and Paint, Furniture, Fabric and Accessories show how you can adapt and recreate this style in your own home. The photographs, many of little-known Swedish interiors, feature rooms where the look has been successfully recreated and some of the period houses that provide the inspiration.

About the AuthorKatrin Cargill is a freelance decorator and writer and former features editor at the World of Interiors and decorating editor at the American House Beautiful. Of Swiss and Swedish descent, she has lived in the USA and Europe and is now based in London with her family.Christopher Drake is a photographer specializing in interiors. His photographs have appeared in magazines including Country Living, World of Interiors, Victoria and many other publications around the world. Brought up in South America and Norway he now lives in London.
