Curtis Rist, Vicki Webster, Sunset Books : Swimming Pools and Spas before purchasing it in order to gage whether or not it would be worth my time, and all praised Swimming Pools and Spas:

39 of 39 people found the following review helpful. Helpful reference on building and maintaining a pool or spaBy A CustomerSouthern Living's Swimming Pools Spas is a nicely illustrated and useful reference for those new to swimming pool or spa ownership. Not only does this publication provide useful information to the novice pool owner, the topics range from pool and spa construction, maintenance, repairs and safety. I knew what to expect and what questions to ask before I contracted to have a pool installed at my home after reading this publication. The many photos of a variety of swimming pools was very useful in the design of my pool. Even if you own a pool and want to remodel, this publication is an excellent resource for new ideas and inspirations.0 of 0 people found the following review helpful. Two StarsBy CustomerI was expecting some how to's in this book but it's only pictures0 of 0 people found the following review helpful. Five StarsBy mary abshergreat

Having a swimming pool or spa right in your own backyard is the ultimate for many homeowners—a place for exercise, family recreation, festive gatherings, relaxation. This book guides you through the process of making a pool or spa a reality, from navigating all the available choices and selecting and working with a contractor to installing landscaping and lighting. You'll also find detailed advice on safety, maintenance, and upkeep.
