Nicola Ferguson : Take Two Plants before purchasing it in order to gage whether or not it would be worth my time, and all praised Take Two Plants:

0 of 0 people found the following review helpful. Five StarsBy gayle rush-lopezjust as described good book arrived quickly5 of 9 people found the following review helpful. DisappointedBy BlueI was disappointed. I thought the book was about companion planting for vegetables. It was a dumb book. Putting flowers together is too simple. You don't need a book.

Take Two Plants presents sensational planting combinations that not only make stunning color and textual statements but also share the same growing requirements. With clear, easy-to-follow advice to inspire the beginner and motivate the experienced gardener, this practical guide will prove invaluable during garden planning, nursery visits, and planting.

"This unique book is packed full of vibrant, modern planting ideas and will inspire beginner and expert gardener alike. Publishing News
About the Author Nicola Ferguson is author of international best seller *Right Plant Right Place* (Pan 1982) and is a self-taught gardener and plant photographer. She was born in Northern Ireland, has a Ph.D. in psychology and lives with her husband and two children in Edinburgh where she has a north facing, high-walled garden.
