Looking forward to the next one I have purchased.

Britain's favourite gardener Alan Titchmarsh has also been the most popular contributor to Gardeners' World magazine for the last twenty years. This collection of his very best columns, demonstrates just why he is regularly voted the readers' favourite. His brilliant writings are, in turn, practical - just how far back should we prune our roses? - opinionated - I always rail at people who go out on a Sunday afternoon to tidy their gardens. I mean, a garden is not a sock drawer - cheeky - I have a theory that gardeners grow to look like their soil and wistful - You've got to be a bit of a dreamer to get the most out of your garden. So lay down your trowel, take off your wellies, sit back and enjoy a bit of quintessential Titchmarsh.

Praise for KNAVE OF SPADES, Alan's latest volume of memoirs: ... This book is a sheer delight and the humour and wry, self-effacing descriptive energy make it a total page-turner Sun Alan Titchmarsh talks about his career with warmth, humour and an enthusiasm that never wanes Woman's WeeklyAbout the AuthorAlan Titchmarsh is known to millions through the popular BBC TV programmes British Isles: A Natural History, How to be a Gardener, Ground Force and Gardeners' World.
