Item as described, well-packaged, and promptly shipped. THANKS!
0 of 0 people found the following review helpful. this is an easy read and very informative
By Anakei
This is a charming and informative book, and I believe the principles still stand today as they did then. Although written 150 years ago, this is an easy read and very informative. I recommend it.

Interesting and knowledgeable reading if you're into gardening or farming or both.

Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

About the Author
Edmund Morris is the author of *The Rise of Theodore Roosevelt* (Pulitzer Prize and National Book Award, 1980), *Dutch: A Memoir of Ronald Reagan* (1999), and *Theodore Rex* (Los Angeles Times Book Prize, 2002). A pianist and private scholar of music, he has been studying Beethoven for a half century.
