**Amy Bryant Aiello, Kate Bryant : Terrarium Craft: Create 50 Magical, Miniature Worlds** before purchasing it in order to gage whether or not it would be worth my time, and all praised Terrarium Craft: Create 50 Magical, Miniature Worlds:

45 of 47 people found the following review helpful. Big disappointmentBy A. SENI bought this book on the understanding that it's about how to make and maintain terrariums, the plants to choose, etc. I thought, as the name suggests, that it was a book about "terrarium craft". However, this is not a book about making terrariums, but a catalogue of the authors' "creations in a bottle" - most of which are not even terrariums. The name and the introduction on the are misleading, and it will be a disappointment for those seeking a book on 'terrarium craft', as I did.22 of 23 people found the following review helpful. really not that usefulBy Edward WahlMostly just pictures of terrariums. Very little actual info on what to consider when designing a terrarium, most "instructions" were just descriptions of what the author had done - things like "I found this old such-and-such and just \*knew\* I had to turn it into a terrarium)"0 of 0 people found the following review helpful. Can't beat it!By ShellyMy son works a place that sells this book for 2x the price. Love it!

A terrarium is nothing less than a miniature worldone that you can create yourself. It might be a tiny rainforest, with lush foliage and bright tropical flowers. Or a desert, with strange succulents planted among colorful stones. Or a Victorian fernery. Or a minimalist composition with a single, perfect plant.Or it might not contain any plants at all. It might be made with crystals, feathers, bones, seashells, bits of wood, porcelain trinketsanything that catches your fancy and helps create a mood or look. Whatever they contain, terrariums are the ultimate in modern, affordable, easy-care dcor.Terrarium Craft features fifty original designs that you can re-create or use as inspiration for your own

design. Each entry comes with clear step-by-step directions on how to assemble and care for your terrarium. You'll also find helpful information about selecting a container, using appropriate materials, choosing the right plants, and maintaining your terrarium. (Hint: It's easy! In fact, many terrariums are self-sustaining, requiring no maintenance whatsoever!)

Recommended for indoor gardeners and crafters alike. Library Journal Terrariums are back, but in much more stylish forms than their aquarium-type predecessors. Akron Beacon Journal This how-to book is delightful [and] inspirational. Cleveland Plain Dealer Beautiful photographs, creative designs and thorough instructions. San Francisco Chronicle Provide[s] examples of how to turn a common houseplant into a striking showpiece. Washington Gardener Terrarium Craft earned our admiration not only because of the elegance of design by Aiello and photos by Kate Baldwin, but also for the clarity brought to step-by-step instructions a bevy of beautiful designs. The trouble will be choosing just one. The solution: Do several. The Oregonian Original and fun [with] tons of why didn't I think of that? ideas. Fresh Home Simple growing tips and chic design know-how in an easy-to-follow, lovely-to-read format. Creating your own terrarium will definitely be next on your crafty to-do list. Dwell Magazine Stunning projects. West Coast Crafty Spark[s] your creativity and inspire[s] you to make your own magical little glass world.
