Great Stocking StufferBy Diane MillerThis is a "pocket size" kit that that will make a perfect "Stocking Stuffer" for a family member that has managed to KILL every Bonsai they have EVER owned!! Who would have thought a potato could be "trained" to become a Bonsai??? The hilarious "how to" instruction book will bring much laughter on Christmas morning.0 of 0 people found the following review helpful. Five StarsBy Goldie GirlLots of fun for friends.

Instant karma! This tongue-in-cheek kit pokes fun at Western culture's twin desires for inner harmony and instant gratification. A Bonsai Potato grows in about a month. In the meantime, an enclosed facsimile can be displayed with the miniature stand and rocks.
