**Beldegreen : The Bed** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Bed:

As it explores all aspects of this sensual yet practical subject, The Bed brims with wit and fantasy, freshness and elegance. Unusually evocative photographs include beds and bedrooms in apartments, houses, and castles in North America, England, Ireland, France, Sweden, and more. The parctical side of purchasing and caring for mattresses, box springs, and bedclothes are extravagantly described. More than 275 full-color photos.

From Publishers WeeklyBeldegreen, an interior design specialist, examines the cultural and aesthetic contexts of a variety of beds; 275+ color photographs. Copyright 1995 Reed Business Information, Inc.
