Herb Gustafson : The Bonsai Workshop (Our Garden Variety) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Bonsai Workshop (Our Garden Variety):

0 of 0 people found the following review helpful. Five StarsBy Aliciacame in perfect condition. lovely book.0 of 0 people found the following review helpful. Four StarsBy MaliaGood information,0 of 0 people found the following review helpful. Five StarsBy CustomerThank you for a great book

For the beginning to intermediate bonsai enthusiast, outlining in straightforward fashion the essentials of the care, creation, and display of these lovely miniature trees...this book should be the only one you need.Booklist.

From BooklistGustafson has designed his book for the beginning to intermediate bonsai enthusiast, outlining in straightforward fashion the essentials of the care, creation, and display of these lovely miniature trees. Basic bonsai care changes considerably throughout the four seasons, the author notes, and he offers the necessary seasonal advice

by regions. Gustafson stresses the importance of learning how to merely keep a tree alive, no easy task for the beginner. He supplies answers to what he calls 100 basic questions concerning bonsai culture in this book, which contains 402 color and 68 black-and-white illustrations. Gustafson gives a short history of bonsai, along with advice on pruning, potting, training, creating, and displaying them. There's a glossary and a suggested reading list. But this book should be the only one you need. George Cohen For the beginning to intermediate bonsai enthusiast, outlining in straightforward fashion the essentials of the care, creation, and display of these lovely miniature trees...this book should be the only one you need. -- Booklist
