You need something newer like NCL to get current scientific names.0 of 0 people found the following review helpful. but if you can get one at a good price, it is

still a must have book ...By Richard A. Bit out of date, but if you can get one at a good price, it is still a must have book for cactus fanciers.

Volume 2 of the exhaustive, definitive work covering every cactus in the world. Full botanical descriptions, thorough statement of nomenclature, habitat, detailed finding keys. The one book needed by every cactus enthusiast. Total in set: over 1,275 illustrations.
