Sebastian Schutze, Madelaine Gisler-Huwiler : The Complete Collection of Antiquities from the Cabinet of Sir William Hamilton before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Collection of Antiquities from the Cabinet of Sir William Hamilton:

1 of 1 people found the following review helpful. A MarvelBy callahanstudioThis book on your coffee table, library shelf, or lecturn is a style statement unto itself. It is also a scholarly reference for the amazing pottery collection (now dispered) of one fabulous collector. The illustrations are marvelous and worthy of attention in their own right.8 of 8 people found the following review helpful. A 'tome', not just a book!By scott in sydneyThis is one of those spectacular

books that makes you appreciate what a real book is! The books of Hamilton's collection of Greek vases - which convinced Wincklemann of the superiority of Greek art, inspired Wedgwood and were a linchpin of the Greek Revival - have been begging for a reprint, and this is a beautiful copy. Its HUGE, so it's going to need a table rather than a shelf - particularly if you pair it with Napoleon's 'Description of Egypt'! One concern though is that the inspection copy I've seen is actually coming apart at the seams - possibly a comment on the number of people who've leapt on it rather than the binding quality...? 1 of 2 people found the following review helpful. An excellent table book
By Muoz Curbelo Maria Eugenia
An excellent table book, with lots of drawings and pictures that inspires you to create. A pleasure for the eyes.

This spectacular compilation of plates representing a superb collection of ancient Etruscan, Greek, and Roman vases is the fruit of a collaboration between Sir William Hamilton and British diplomat and collector Pierre-Francois Hugues d'Hancarville, an adventurous connoisseur and amateur art dealer. 3-8228-2195-0 \$200.00 / Taschen America LLC

About the Author
Sebastian Schutze was a longtime research fellow at the Bibliotheca Hertziana (Max Planck Institute for Art History) in Rome and currently holds the Bader Chair in southern baroque art at Queen's University, Kingston. He has published widely on Italian art and culture in the early modern era and is a member of the scientific board of the Italian Institute for Philosophical Studies in Naples.
