D.G. Hessayon : The Container Expert before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Container Expert:

3 of 3 people found the following review helpful. Great book for researching bulbs and their care. Great pics too! By pamelasmith I bought this book to help me plant bulbs in my new flower garden. I have found so much useful information and clearly understood instructions help so much. I am super pleased with my purchase. 13 of 13 people found the following review helpful. Has good ideas for container designs. By A Customer This book has lots of ideas for containers, both for sunny and shady areas. Lots of pictures, lots of info on plants with color picture. I had picked up a unusual plant at a local nursey but did not really know anything about the plant and this book had a picture of the plant and care instructions for it. Has info on potting mix for window boxes, hanging planters, and containers, examples of window box designs and instructions, also examples of planted hanging baskets and window boxes, and containers. 0 of 0 people found the following review helpful. Well done By Gary Anderson This is well done and is

complete in its discussion of bulbs. I live in North Carolina in the mountains and need additional information for this location which is available via the university extension service. The Bulb Expert is a good foundation.

128 pages (all in color), 7 1/4 x 9 1/2.

Traditional and modern ideas for all situations. The Times About the Author Dr Hessayon is the worlds best-selling horticultural author - his Expert series of gardening books have sold over 53 million copies. He has been honoured by Queen Elizabeth who created him an Officer of the Order of the British Empire for services to British horticulture. He has been honoured by a leading newspaper which included him in its list of 60 Truly Great Elizabethans because he has taught millions of us how to garden with his wonderful do-it-yourself guides. He has been honoured by Guinness World Records as the top-selling living author of the 1990s. He has been honoured at the National British Book Awards with the first-ever Lifetime Achievement Award. The Expert style is hard to define. According to the Librarian of the Royal Horticultural Society Dr Hessayon perfected a manner of presentation which has yet to be surpassed for clarity, intelligibility and ease of access. According to The Times he invented a formula of clear, uncluttered advice and illustrations with a superbly logical layout. There are 21 Expert titles in the series which have been enjoyed by gardeners all round the world. The House Plant Expert has now passed sales of one million copies in both the U.S and Russia.
