**Design Hotels : The Design Hotels# Book: Edition 2016** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Design Hotels# Book: Edition 2016:

0 of 0 people found the following review helpful. OK, but not great bookBy JohnAverage coffee-table book. I expected a better quality of ink and paper. As for photography, it's quite good but not unique. Basically, it's a catalogue of Design Hotels properties in a book format. Yet, it lacks "book content" as it's basically pretty much the same information which you can find online. I was hoping to read more personal/uniques/less-commercial material and to be it more inspirational.
