The Duchess of Northumberland : The Duchess of Northumberland's Little Book of Poisons, Potions and Aphrodisiacs before purchasing it in order to gage whether or not it would be worth my time, and all praised The Duchess of Northumberland's Little Book of Poisons, Potions and Aphrodisiacs:

4 of 4 people found the following review helpful. Just a great bookBy CausticLyeFun and fun and my daughter loved

it, opened it, looked at every page, and then I caught her reading it later in the evening. That was great feeling to know I found a book that she secretly liked. 1 of 1 people found the following review helpful. Four Stars By Ann Shonstrom Would love to see it 2 of 2 people found the following review helpful. poison diary plus By Kindle Customer I love this little book some great knowledge to possess wish it had more pictures I would like to visit there

From the creator of the world-famous Poison Garden at Alnwick Castle Combining the fascinating archive of the first Duchess of Northumberland with the expertise of Jane, the present Duchess and the creator of the famous Poison Garden at Alnwick Castle, this illustrated gift book tells the story of the poison found within the plants that grow wild across Britain's countryside and the medicinal potions that derive from them. Based on the information gleaned from the Poison Garden and the Household Books of the first Duchess of Northumberland, the reader will learn the secrets, past and present, of the poisonous and curative properties of these plants and the more unusual varieties that have been cultivated and planted for centuries. Beautifully illustrated, this is the ideal gift for those with an interest in the wild plants of Britain and for those with an interest in poison and potions.

About the Author The Duchess of Northumberland is the mistress of Alnwick Castle and the author of The Poison Diaries.
