Rosalind Creasy : The Edible French Garden (Edible Garden Series, Vol. 3) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Edible French Garden (Edible Garden Series, Vol. 3):

4 of 4 people found the following review helpful. This is a terrific series! By Kindle Customer For those of us who like to cook, garden and eat, the books in this series are just terrific fun! Last year I bought The Edible Italian Garden and found some new favorites for both in the garden and in the kitchen. I am looking forward to trying some new thing from the Edible French Garden this year. 2 of 2 people found the following review helpful. Add gorgeous to your garden By Starwoman33 This is a gardening favorite, rich with color and imagination. No need to have all the usual garden stuff planted in little rows when there is such a tasty and colorful world to try out. Nice photographs and good explanations about what to do with what you have planted. 0 of 0 people found the following review helpful. Excellent! By Jp Very informative and useful

Highlights the classic vegetables of French cuisine, such as endive, leeks, shallots, and celery. Includes growing tips from Georgeanne Brennen and Tom McCombie. Over 90 color illustrations.

"If any one person can be credited with elevating the status of the vegetable in American gardens, it's Rosalind Creasy." -- Garden Design
