Shipping is asinine ...By The DuRochersPurchased this for my Mother-in-Law for Mother's Day ... in April and it will not arrive until JUNE, the middle of June. I would cancel it but it was inexpensive and my MIL loves English gardens so I guess I will just buy her something else for Mother's Day and this can just be a pleasant summer surprise.0 of 0 people found the following review helpful. Not so great for meBy ATnot as great, pictures are nice but few and I am not a professional but a hobby gardener and to me inspiration comes from designs I could incorporate in my garden, this one is not for people like me. I prefer the English garden magazine and the garden gate that has a lot more tips.3 of 3 people found the following review helpful.
