Kyle Schuneman, Heather Summerville : The First Apartment Book: Cool Design for Small Spaces before purchasing it in order to gage whether or not it would be worth my time, and all praised The First Apartment Book: Cool Design for Small Spaces:

1 of 1 people found the following review helpful. I hope Kyle writes a library of decorating books!By Fun ReaderI have been collecting decorating books for more years than I want to admit--and this is definitely one of my favorites. I LOVE that there is a floor plan layout for every apartment/house makeover; it is easy to follow the layout in the accompanying photos; and the advice and ideas are fantastic. Thank you Kyle! I hope this is the beginning of a library of your books!5 of 5 people found the following review helpful. Fabulous Book!!!By PorkchopThis book is great! I love the decorating ideas and the beautiful pictures. I also really like that the book tells you the best places to buy the items that are featured in it. And the "how to" sections contain easy to follow steps for copying some of the decorating ideas. I can't wait to try the chalk board decal on my fridge. I never even knew that chalk board decals existed! What a fun idea!1 of 1 people found the following review helpful. LOVE!By Alexandra AvilaBoyfriend finally moved into

his first place. I've been pretty helpful, but there was some really great insight on how to deal with realtors and what to look for during appointments. We live in NYC so being nifty and creative with limited space and budget is important and this book inspired a lot of ideas to make his place really feel like home. Directions and photography were easy to follow. This book makes a great housewarming gift or as inspiration for your own space.

Star designer Kyle Schuneman offers bold ideas for achieving big style in small spaces on any budget. A first apartment allows you to finally do what you want with your own space, but it can be tricky to decorate. Luckily, twenty-seven-year-old decorating prodigy Kyle Schuneman knows that a paper-thin wallet and four plain walls don't have to stand in your way, and the ten amazing, real apartments in this book show it. From coast to coast, these fabulous first homes are the perfect balance between cool design and comfort, and they offer plenty of practical ideas for making your apartment feel open, organized, and inviting. Examples include: Multifunctional studios A loft that was sectioned into livable areas Cookie-cutter apartments with one-of-a-kind personality Shared spaces that accommodate different decorating tastes Fantastic examples of how to display collections, hide unsightly stuff, and manage picky landlords Kyle's creative solutions reveal how you can make your space feel much larger than it really is and how it can reflect your passions, your travels, and your location. He will inspire you to use your surroundings for decorating ideas (think taxi-cab-yellow accents in New York or graffiti-like dip-dye curtains in Seattle). Short on time and long on style, the thirty DIY projects here include no-sew pillows and a dresser update using a little glue and decorative paper. Full of bold, vibrant photos, an extensive resource section, and hundreds of big ideas for small spaces, this book proves that there are no limits on how spacious and how cool your first apartment can feel.

About the Author **KYLE SCHUNEMAN** is the founder of Live Well Designs in LA. He has been featured in Real Simple, Esquire, This Old House, Sunset, and LUomo Vogue and has frequently appeared on NBC and HGTV.
