It gives us a picture of aristocratic women, very sure about themselves, who mold their living spaces according to their likes. I enjoyed reading it very much.Since the book was published in 1991 it is of course a bit dated and I would like to see a sequel to it from more 'French Women' or others for that matter.I really enjoyed this book!0 of 1 people found the following review helpful. A real collectors bookBy Jennifer J. DoyleSuch a fantastic book. A real book to keep forever. Wonderful history of how a woman has her bedroom. Many Many thanks
