Melinda Myers : The Garden Book for Wisconsin Revised before purchasing it in order to gage whether or not it would be worth my time, and all praised The Garden Book for Wisconsin Revised:

0 of 0 people found the following review helpful. Excellent reference book for plant lovers.By Maggie MaeA book ordered for a friend for Christmas. I already have this book and it is my go to for information on plants and how to care for them. I would recommend this book highly for anyone in Wisconsin who has questions about their home gardens. It has detailed color photos that help identify species.0 of 0 people found the following review helpful. daughter's and liked it so much that I got the information from her so I could order it for myself. Really good reference book. 0 of 0 people found the following review helpful. Go to garden book By Kutie This book was recommended by a local gardener putting on a demonstration in my community. She referred to it as her "gardening bible." Now that I have it on my bookshelf, I find I refer to it all the time. It is an easy quick-reference for any question I have regarding the placement, care, and even identifying plants I see in neighbor's gardens, that I would like to try growing myself. I too, would recommend this book especially for the novice gardener.

Gardening is now the favorite leisure pastime in America. Homeowners are realizing the health benefits derived from gardening and the increase in their home's property value. This book contains easy-to-use advice on the top landscape plant choices. It also recommends specific varieties, and provides advice on how to plant, how to grow and how to care for the best plants.

About the Author Melinda Myers is a Horticultural Instructor at Milwaukee Area Technical College. Many recognize Myers as the host of "Great Lakes Gardener," a public television program that airs throughout the Great Lakes and provides region-specific advice to Midwest gardeners. She hosts the "Plant Doctor Radio Show" on WTMJ Radio, writes a bi-monthly column for The Milwaukee Journal and has been contributing editor and columnist for Birds Blooms Magazine since 1996. Melinda is a member of numerous horticultural associations and earned the 1998 Garden Communicator's Award from the American Nursery and Landscape Association and the 1998 Quill and Trowel Award from the Garden Writer's Association of America.
