3 of 3 people found the following review helpful. Very inspirational By Damien MacDonald Simply a brilliantly composed book that gets your dreams for a special garden into overdrive. One of the best books I have read, the subjects and photography are also fantastic! 3 of 3 people found the following review helpful. Great Inspiration By happy This book is filled with really nice photos of both traditional and contemporary garden design ideas, which really get me thinking outside the box for my own garden. It provides great inspiration. 1 of 1 people found the following review helpful. Great By B.Brndermann It is a very interesting book with many wonderful photos interesting information about plants and inspirations for my own garden .

This is a must-have for anyone looking for garden design ideas. Hundreds of full-color images are cleverly arranged to offer thousands of possible design solutions and inspirations for any type of garden. The book includes gardens from all over the world and features projects by the best contemporary designers at work today, including Topher Delaney, James van Sweden, Piet Oudolf, Rick Darke, Sean Hogan, and many others. Alongside never-before-seen private gardens, the book also includes celebrated public spaces such as Manhattans High Line a disused elevated freight track

redesigned into innovative, naturalistic plantings whose ideas can be adapted for the home garden. The book is divided into four sections: Connect looks at design features that act either as connecting or dividing elements; Divide considers elements that can be used to create rooms within gardens; Space explores different spatial types; and Styles covers every type of garden style throughout history, from cottage gardens to today's minimalist designs. Rounded out with a series of useful directories on designers, sources, and public gardens, this is the book for garden design ideas.

"This book will send every aspirational Capability Brown out to his or her backyard for another look. The plethora of choices will drive you mad since many are adaptable; the sheer volume of suggestions are dizzying, stirring your creative juices." ~Hamptons Magazine
Whether starting from scratch or fine-tuning an existing design, anyone looking for garden ideas will find *The Garden Source* an invaluable resource; this is the book for garden design ideas.
~Hamptons.com...more than a beautiful book...it is a marvelous resource for anyone contemplating a garden design or landscaping project. It is the over 300 pages of full color photographs that will make readers swoon. ~Portland Book
