It was expensive, but much cheaper than if purchased at the retailer listed in the magazine I saw it in. Basically a picture record of the world's most beautiful gardens.2 of 2 people found the following review helpful. ... of photos and information on some of the most beautiful gardens (of all types) throughout the worldBy T. CarrereSumptuous from cover to the wealth of photos and information on some of the most beautiful gardens (of all types) throughout the world. MCox knows his stuff! Well done.0 of 0 people found the following review helpful. Beautiful Book at a Bargain PriceBy Debra W.Beautiful book I almost paid \$80 for while on vacation. Good thing I waited (due to the

weight and size of the book). Found it on for much less. If you love seeing beautiful gardens around the world, this is for you and your coffee table!

The ultimate garden book both a collection of gardens from around the world and a resource for those seeking inspiration on garden design and planting. Featuring over 250 permanent gardens by leading garden designers, horticulturalists and landscape architects, from the 14th century to the present day, and covering all key types and styles of garden, this wellhyphen;illustrated compendium combines images, text, key information and captions for each of the featured gardens, appealing to both amateur and professional gardeners, as well as garden designers.

""The Gardeners Garden is a sprawling worldwide compendium of more than 250 great gardens. This is smorgasbord of a book, a platter offering delights to tease the palate." The New York Times Book "The lush foliage captured here is anything but gardenhyphen;variety." Entertainment Weekly"Comprehensive and informative not to mention gorgeous!" Martha Stewart Living"The ultimate inspiration for anyone with a green thumb." Town Country"Passionate gardeners will want to read and reread... its a big investment, but one will pay off with years of pleasure" New York Journal of Books"Many publications have claimed to be the ultimate garden book. This new global survey of gardens may have actually achieved that distinction." Garden Design"This monster book features a dizzying range of garden styles and designs. It is virtually eight pounds of horticultural caviar, an embarrass de riches." The Garden Conservancy"Weighty and wonderful, this lavishly illustrated new book will make a handsome gift for the dedicated gardener in your life (or for yourself)." The American Gardener, the magazine of The American Horticultural Society"Sumptuous." Daily Telegraph"Horticultural eye candy." Globe Mail"The book features profiles of 250 breathtaking gardens from around the world, some of them developed as long as 600 years ago, others far more modern."Chronical Herald"About the AuthorConceived and edited by Phaidon Editors
