3 of 3 people found the following review helpful. The Gardeners Guide To Growing FuchsiasBy Donald J HelselThis

book has some similarities to previous editions but also a lot of new information and new pictures in perfect color. The important point is that this book will tell you virtually anything you might want to know about fuchsias. And I mean everything. In our local club, the "Crescent City Fuchsia Society", it is one of our most reliable reference books for both old and new members. It is also behaps the best book that the "American Fuchsia Society" maintains for its member use or purchase. Fuchsias and their hybrids have been around for a lot of years and have evolved through hybridization in many ways. I have no reservations in rating this book as the best for answering those hard to answer questions about fuchsias. Don Helsel, Vice President, Crescent City Fuchsia Society0 of 0 people found the following review helpful. Gorgeous and very helpfulBy transponderI just got this book today and I have been all over it, gawking at the amazing beautiful flowers and impressed by the range and breadth of the treatment of how to have these delicate jewels in your own garden. There is clearly a lot here and I intend to begin at the beginning (having given myself a good skimming overview) and proceed to the end. It's a whole world of wonder and this book looks a fabulous introduction to it. So glad I got it.1 of 1 people found the following review helpful. Five StarsBy BillBest book on fuchsia culture I have seen.

How to grow fuchsias in the garden, from summer bedding, shrub borders and rockeries to permanent beds, hedges and cottage gardens, as well as expert tips for growing fuchsias indoors, in conservatories, greenhouses and shadehouses.

"A fantastic book full of facts and great pictures. A 'must-have' for both the newcomer to fuchsias and the more experienced grower. It is easy to understand and encourages us to have a go!" Carol Gubler, President of the British Fuchsia SocietyAbout the AuthorJohn Nicholass runs his own local gardening business in the South-West of England. He is interested in all aspects of gardening, and has collected and grown fuchsias for more than 25 years. He is a member of the British Fuchsia Society, and is currently both secretary and show secretary of the Bristol Fuchsia Geranium Society.
